## Tour 2. Saturday, April 27, Noon to 8:00 pm

**Meet Tijuana!** Ready to visit San Diego's neighbor to the south? Some say the best part of San Diego is Tijuana. Join us to check out the culture, food, and beer scene of this border city.

Participants will meet at the Convention Center Trolley Station (next to Manchester Grand Hyatt San Diego) and take the San Diego Trolley to the San Ysidro Port of Entry and will cross into Tijuana at the Eastern Pedestrian facility. The first stop in Tijuana will be a visit to CECUT, the Tijuana Cultural Center, where a docent will lead a tour of the Museo de las Tres Californias for a view of the cultural history of the Baja California Peninsula and its ties to Alta California.

**The tour includes two events and the COLEF** (see below) and we will also walk down Avenida Revolución, Tijuana's traditional tourist street, to learn about the evolution of the area from one of traditional day tourism and nighttime bars and to a current hotspot of the Baja Med fusion cuisine movement and new art galleries and studios. We will stop at one of the craft breweries to learn how Tijuana became the craft beer capital of Mexico while sampling some local beer. The tour includes a visit at the COLEF, where there will be a panel and a reception.

If participants wish to stay for dinner, a group reservation will be made at Cesar's Restaurant, where the Cesar's Salad was invented.

From Avenida Revolución, the group will take cabs back to the San Ysidro border crossing via the recently renovated Eastern Pedestrian facility to board the San Diego Trolley for the return to the hotel. A valid U.S. passport or a passport from another country with valid entry visas for Mexico and for the return to the United States is required for participants on this tour.

**Register at:** <https://meet-tijuana.eventbrite.com>

### **The COLEF: 3:30 to 5:00 pm: Roundtable Discussion**

#### **Reimagining the US-Mexico border: A cross-border conversation**

There are news headlines and opinions about the US-Mexico border everyday as the economic and political conditions north and south of the international boundary shift back and forth. The participants in this roundtable will engage in a conversation about current issues and challenges facing cross-border cooperation and integration and about the future of the US-Mexico border region.

## Tour 3. Sunday, April 28, 10:00 am to 2:00 pm.

**Cross-Border Environmental Experience.** This tour will leave the conference hotel to drive to the International Wastewater Treatment Plant, a joint facility operated by the International Boundary and Water Commission (IBWC/CILA) that treats sewage from Tijuana. After a brief presentation by IBWC/CILA, the group will travel to the Tijuana River National Estuarine Research Reserve for a presentation on the transborder sewage issues and impacts on the lower Tijuana River Valley, the estuary, and the nearshore marine environment, in a complex multi-jurisdictional environment. Participants will also have an opportunity to explore the Visitor's Center and nearby trails in the Estuary.

This tour will not cross the border into Mexico.
